Game & Activities

**Tournaments
& Sports**

Prizes, Music, & Fun

Love & Community

Vendors and Sponsors

Every year we invite organizations, local businesses, and other companies to host either a table or activity. Vendors can give away marketing material, merchandise, or just directly interact face-to-face with the **families and community** they aim to serve.

Tournaments & Sports

Children young and old love to be active and play so we make sure we afford plenty of space to **let kids be kids**. Our 3 on 3 basketball tournament is always a big hit, but our Jiu-Jitsu demonstration and Open Gym for other sports like volleyball ensures everyone has fun.

Prizes, Music, and Fun

The Paterson YMCA has several events and programs where we give the gift of education, housing security, and much more all year-round for adults and children alike. Healthy Kids Day® allows us to say **thank you** by giving the gift of joy in every way imaginable.

Games & Activities

Thanks to the generosity of donors, volunteers, and vendors all participants of Healthy Kids Day® have a long list of activities and games to enjoy. Our bounce houses, water balloon fight, and face-painting station are some examples of how we brought

happiness to the city of Paterson.

Food & Snacks

The YMCA of Paterson provides for families **year-round** by addressing food insecurity in our community for families that need it most through free food distributions and more. For Healthy Kids Day®, we do the same by providing tasty snacks and cooked meals for all of our attendees.

Love & Community

Healthy Kids Day® is our love letter to the city of Paterson, welcoming everyone to enjoy and feel a part of their community. It's our chance to continue to exercise our belief in Christian **values** and promote our pillars of Social Responsibility, Healthy Living, and Youth Development.
